

Amendments to the Claims

1. (Currently Amended) A composition, comprising a ~~glandular agent~~ first component containing Gonadotrophin-releasing hormone; a second component comprising kelp a kelp derivative; and a third component comprising Prolactin a pituitary extract.
2. (Original) The composition of claim 1, further comprising an agent selected from the group consisting of Fenugreek, Saw Palmetto, Mexican Wild Yam, Fennel, Dong Quai, Damiana, Blessed thistle, L-Tyrosine, Mothers Wort, Black Cohosh, Oat Grass, and Hops flower.
3. (Currently Amended) The composition of claim 1, wherein the ~~glandular agent~~ first component is obtained from a non-human species.
4. (Cancelled) The composition of claim 1, wherein the glandular agent is a bovine glandular.
5. (Currently Amended) The composition of claim 1, wherein the first component comprises at least one of bovine glandular is a bovine ovary and porcine ovary.
6. (Currently Amended) The composition of claim 1, wherein the second component comprises at least one of kelp derivative is a dried thallus of a kelp plant and/or a fresh thallus of a kelp plant.
7. (Currently Amended) The composition of claim 1, wherein the second component comprises kelp derivative is obtained from bladderwrack kelp.
8. (Currently Amended) The composition of claim 1, wherein the third component comprises pituitary extract is a pituitary gland from a non-human animals species.
9. (Original) The composition of claim 1, further comprising a pharmaceutically

acceptable carrier.

10. (Withdrawn) A method of increasing breast size in a subject, comprising administering a composition comprising a glandular agent; a kelp derivative; and a pituitary extract, to the subject in an amount sufficient to increase breast size.

11. (Withdrawn) The method of claim 10, wherein the composition further comprises an agent selected from the group consisting of Fenugreek, Saw Palmetto, Mexican Wild Yam, Fennel, Dong Quai, Damiana, Blessed thistle, L-Tyrosine, Mothers Wort, Black Cohosh, Oat Grass, and Hops flower.

12. (Withdrawn) The method of claim 10, wherein the glandular agent is obtained from a non-human species.

13. (Withdrawn) The method of claim 10, wherein the glandular agent is a bovine glandular.

14. (Withdrawn) The method of claim 13, wherein the bovine glandular is a bovine ovary.

15. (Withdrawn) The method of claim 10, wherein kelp derivative is a dried thallus and/or a fresh thallus of a kelp plant.

16. (Withdrawn) The method of claim 10, wherein the kelp derivative is obtained from bladderwrack.

17. (Withdrawn) The method of claim 10, wherein the pituitary extract is from a non-human animals species.

18. (Withdrawn) The method of claim 10, further comprising a pharmaceutically acceptable carrier.
